Success Through Innovation

Customer and Technical Service

Troubleshooting: Our Hose Technicians are factory trained and certified by attending Factory Authorized Hose and Coupling Classes.

Training: Associated Hose Products has ongoing training classes held free of charge at our Portland facility. Customers are invited to attend, or we can hold special classes at your location.

Testing: We have testing equipment to meet any special requirements you may have. With burst testing up to 30,000 PSI and proof testing, we can provide you with a product that will perform.

Inventory Management: Your AHP Sales Representative will work with you to establish and maintain inventory levels of Hose, Fittings, and Adapters. We can schedule a stocking and delivery program tailored to meet your needs.
